Annual Academic Planning for 2022-2023

(Tentative)

Date : 4th July, 2022

The reopening and closing dates of the academic year 2022-23 are as given by the Education Department i.e. reopening on 13th June 2022 and closing on 2nd May 2023 for teaching staff.

The responsibilities of today's teachers are multifarious. He / She is not only responsible for the academic excellence but also for the overall development of growing children. A child spends more than five hours a day in the school, so the teacher is accountable for his / her overall progress.

Keeping in mind the stress and strain cropping up in growing children, efforts are being made to lessen this tension by incorporating new policies in the field of education. The implementation of Continuous Comprehensive Evaluation (CCE) by the Education Department for Std. I to VIII is a step to solve this problem.

The Heads of the primary and secondary schools are expected to make a special planning as per the calibre and intelligence level of their students. While making the planning, the Heads will have to keep in mind that the equal weightage is given to academic curriculum and extracurricular activities.

The participation and performance of the students will be adjudged at the end of each term on the criteria's given by the Education Department. It is expected that the implementation of this system will help the teachers to form closer bonds with their students and help in solving many of problems cropping up in youngsters and thus help in fostering the harmonious development of their minds and bodies.

As far as academic planning is concerned, Std. I to Std. XII will have two terms. Std I to VIII will adopt different tools for Formative Evaluation. Summative Evaluation for Std. I to VIII will have semester exam. in each term. Std. IX to XII will consist of one unit and one semester per term. The detailed schedule of working days is given below:
